

GCEIP Nomination Toolkit 2027

Everything needed to prepare a strong nomination for the GCEIP 2027 awards, in one place: a checklist, an evidence template and the path from nomination to recognition. Recognition is subject to GCEIP's eligibility, review and selection standards.

1. Nomination checklist

- ☐ Choose the track
Transformational Leaders if a person led the transformation; Transformational Enterprises if it belongs to a company or brand; or nominate both.
- ☐ Choose the edition
Dubai (19 November 2026), Barcelona (April 2027), London (September 2027), or Any edition.
- ☐ Check eligibility
The transformation should sit within the last 24 to 36 months and be possible to evidence. Read the Recognition Standards for the edition.
- ☐ Name the nominee
Full name, designation, email and LinkedIn profile for a leader. Organisation name, website, country and industry for an enterprise.
- ☐ Define the field of transformation
Business model, AI and digital, sustainability and energy transition, people and culture, global growth, or societal impact.
- ☐ Write what changed
Say what the organisation did differently, in plain terms, in a few short paragraphs.
- ☐ Add results that show it
Figures with a period and a source: revenue, customers, jobs, emissions, reach. State the baseline.
- ☐ Add supporting links
Annual reports, press coverage, filings, certifications, product pages. Public sources are easiest to verify.
- ☐ Confirm integrity
No unresolved regulatory action, material litigation or governance failure that the nominee would not want reviewed.
- ☐ Submit the form
Use the 2027 form at gceip.com/nominate-2027 and confirm the information is accurate.

2. Evidence template

Copy these headings into a document and complete each. Short, dated and sourced answers read best.

The transformation in one sentence

Example format: "Between [year] and [year], [organisation] moved from [starting point] to [end point] by [what it did]."

Starting point (baseline)

Where the organisation stood at the start: size, performance, position. Include the date and source.

What changed

The decisions and actions. Name the programmes, products, investments or restructuring. Keep each to one or two sentences.

Results, with period and source

Metric | Before | After | Period | Source. Include at least three, and prefer figures that a third party can check.

People affected

Employees, customers, communities or partners, and what changed for them.

What held

Evidence that the change lasted: results across more than one period, retained customers, continuing programmes.

Third-party evidence

Links to reports, audits, certifications, awards or independent coverage.

Challenges and how they were handled

What was difficult, and what the organisation did about it.

3. From nomination to recognition

1. Nomination

A leader, an enterprise or both is nominated through the 2027 form, by the nominee, a peer or an adviser acting on their behalf.

2. Review

Each nomination is reviewed against the edition's eligibility before it goes further.

3. Integrity screening

Checks for regulatory action, material litigation, governance failures and adverse media.

4. Scoring

Entries are scored on the published criteria, using the Transformational Leadership Index™ or the Transformational Enterprise Index™.

5. Shortlist

The entries that go forward to the jury after review and screening.

6. Jury

The jury reviews scores and evidence and confirms honourees. Jurors declare any conflict of interest and step back from the entry.

7. Recognition

Honourees are recognised at the edition and recorded with the edition and year.

4. The 2027 editions

Dubai: 19 November 2026

Crowne Plaza Dubai

Barcelona: April 2027

Espacio Inmersa

London: September 2027

VSC, Marble Arch

Nominate at gceip.com/nominate-2027. Questions: ceo@gceip.com.

Recognition is subject to GCEIP's eligibility, review and selection standards.
